

Reflections From Our 8th Graders

Every 1st Friday of the month St. Joseph students have a chance to go to church, throughout the day, where the Blessed Sacrament is exposed for adoration. At the end of the day, they attend Benediction. 8th grade students were asked to share their reflection about Eucharistic adoration by finishing four statements. All of the reflections were insightful and prayerful. A few of them are shared here in the hope they bless you.

I visit Jesus in the Eucharist adoration because...

It's one of the only places I can visit Jesus without getting interrupted

I need to pray for people in need

I get to spend time with him (Jesus) and talk about my life

What I love about Eucharistic adoration is...

I have more time to be with Jesus one on one and talk to him what I am thinking about

It is quiet and nice to just sit there and talk to Jesus

The total silence and aloneness with God

In Eucharistic adoration I receive...

I love Eucharistic adoration because I can talk and pray to God

I receive God's saving grace

It's nice to be with God in peace

I recommend Eucharistic adoration to others because...

It improves and grows your relationship with God

It gives you time to get your priorities right with God

You get a silent 20 minutes with your Savior

It makes you feel good leaving and knowing that God was listening

It's very calming and chill
